1. Program Related to the UN Report on Hungary and
Hungarian Trials

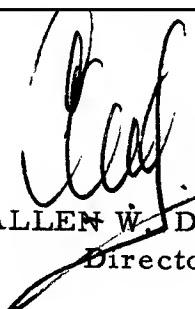

The Board discussed briefly the program and agreed on the importance of developing a coordinated interagency approach. It was further agreed that an ad hoc OCB committee should be established under State Chairmanship for this purpose and would report as appropriate to the Board.

2. Personnel Security Policies and Procedures of the OCB

The Board approved the proposal of the Executive Officer that the existing personnel security policies and procedures of the OCB, concurred in by the Board on 2 February 1955, would no longer be appropriate with the coming into effect the Executive Order 10700 July 1, 1957 which establishes the OCB within the structure of the NSC. It was agreed that the Executive Officer would be responsible for insuring necessary agency certification of Executive Order 10450 as to the security clearances of individuals designated to participate on OCB working groups and committees.
